

Regarding Campus parking, please note that campers will be staying on the West Side of campus and the following is some specific information about parking and unloading locations.

1. Bike Lanes – there are bike lanes on Jefferson, 26th and 30th. Vehicles are not permitted at any time in the bike lanes. This was a bit of an issue last year, which is why we'd like to stress this early to avoid citations for your guests!
2. Vehicles can park along the yellow curb during their 10-minute move-in window. This is the only time parking along the yellow curb will be permitted without someone remaining with the vehicle.
3. Vehicles that do not fit in the loading zone can either wait until a vehicle moves or can park along the yellow curb to unload. However, someone **MUST** remain with the vehicle at all times if the vehicle is parked along the yellow so they can quickly relocate the vehicle in the event of an emergency.
4. Permits are required in all A, B, C, Hourly and ADA spaces Monday through Friday 7 a.m. to 5 p.m. Permits are required in all other locations 24/7, so please advise your guests to abide by all posted signs and pavement markings.
5. Please relocate vehicles to designated parking spaces once move-in is complete
